

Figure 1 is a Gantt chart illustrating the schedule of the 2016-2017 season for the 12 teams of the 1st division of the French football league. The chart displays the sequence of matches for each team, with colors indicating the home team (blue) and away team (orange). The teams are listed on the left: Lorient, Metz, Valenciennes, Amiens, Troyes, Reims, Dijon, Clermont, Montpellier, Bastia, Auxerre, and Nancy. The timeline at the top shows the months from August to May. The chart is divided into two main sections: 'Ligue 1' (top) and 'Coupe de France' (bottom). The 'Ligue 1' section shows the regular season matches, while the 'Coupe de France' section shows the knockout stages. The chart is a complex grid where each row represents a team and each column represents a match. The colors of the bars indicate the home and away status of the teams in each match.
